INTELLIGENT TRANSPORT SYSTEMS (ITS) Forum 2017

Last February 17, 2017, De La Salle University - Manila (DLSU - Manila) hosted the Intelligent Transport Systems (ITS) Forum 2017 at the 5th floor Henry Sy Sr. Hall. It was sponsored by the Philippine Council for Industry, Energy and Emerging Technology Research and Development of the Department of Science and Technology (PCIEERD-DOST), DLSU-Manila, UP-National Center for Transportation Studies (NCTS), and Transportation Science Society of the Philippines (TSSP). The forum was attended by representatives of different agencies from the public and private sectors.

The government agencies that were represented in the forum were the Department of Science and Technology (DOST), Department of Public Works and Highways (DPWH), Metropolitan Manila Development Authority (MMDA), and Department of Transportation (DOTr). Private bus companies and local organizations such as the Manila Traffic and Parking Bureau also sent representatives. The academic community included the University of the Philippines (UP), DLSU, and the Mapua Institute of Technology (MIT).

The ITS forum showcased the various ITS research projects of the various academic institutions all under PCIEERD-DOST. The research projects yielded significant and interesting results.

The technical presentations were as follows:

1. LocalSim - Dr. Sean Palmiano (UP)
2. PUBFix - Dr. Alexis Fillone (DLSU)
3. CATCH-All - Dr. Elmer Dadios (DLSU)
4. Geospatial Information and Civil Systems-Engr. Alben Bagabaldo (MIT)

In addition, National Government agencies also presented the current state of ITS applications in the country with respect to their sectors. The agency presentations were:

1. Department of Science and Technology (DOST) - Engr. Nonilo Pena
2. Department of Transportation (DOTr) - Asec. Mark Richmond de Leon
3. Department of Public Works and Highways (DPWH) - Engr. Jonathan Araullo
4. ITS-Philippines - Dr. Ricardo Sigua

In the afternoon, workshops were held discussing the DOST roadmap and the ITS masterplan. Representatives from DOST, DPWH, MMDA, DOTr, the academe, and private industries were part of the discussion. The workshop was a success with many fresh ideas and outputs developed. A total of 73 people participated in the forum, including faculty, staff and students from DLSU.

Year-End Fellowship of TSSP

The year-end fellowship of TSSP last December 29, 2016 at the National Center for Transportation Studies (NCTS) was well-attended by its corporate, lifetime, regular and associate members.

The highlights of this event after sharing some food and drinks were the presentation of year 2016 activities and accomplishments of the Society, as well as the proposed activities for 2017. During the event, new corporate, regular, and associate members were also inducted to the Society.
