# FOREWORD

On behalf of the Transportation Science Society of the Philippines (TSSP), I am pleased to publish the third issue of the **Philippine Transportation Journal**. This issue includes papers from past conferences that were deemed exemplary and timely (i.e., still applicable at the present time) upon review by the editorial board. The authors were asked to review their papers and were provided an opportunity for improving their papers. We acknowledge the authors of the papers and express our gratitude to the persons who reviewed the papers for this third issue. The TSSP is committed to publishing this biannual journal for the benefit of researchers, practitioners as well as others with interest in transportation science in the Philippines.
