The influence of rainfall on the mode shifting behavior of commuters: the case of Ortigas CBD workers <i>by Sunga, A., Diaz, C.E.D. and Napalang, M.S.G. ....</i>	94

# FOREWORD

On behalf of the Transportation Science Society of the Philippines (TSSP), I am pleased to publish the first issue of the **Philippine Transportation Journal**. This is a revival of sorts as the Society previously published a TSSP Journal but the latter was discontinued many years ago. This represents new beginnings and a venue for publishing select papers reviewed and presented during the most recent conference of the Society. Soon, we will also be accepting submissions outside the conference setting in order to have a more robust publication of papers on transportation in the Philippine setting. We acknowledge the authors of the papers and express our gratitude to the persons who reviewed the papers in this first issue. We already look forward to the next issue as we intend to have at least two every year.

J.R.F. Regidor, Editor-in-Chief
