FOREWORD

On behalf of the Transportation Science Society of the Philippines (TSSP), I am pleased to publish the tenth issue of the **Philippine Transportation Journal**. This issue includes selected reviewed papers from the TSSP 2024 conference held in Iloilo City last September 13, 2024 at the Diversion 21 Hotel. This issue includes the paper that won Best Paper (i.e., "A Microsimulation Model of An Exclusive Bus Lane: The Case of EDSA Busway") at the conference as well as the paper that won Best Presentation (i.e., "Development of Road Geometric Scanner Using Slamtec RPLiDAR A3"). This issue is mainly on public transportation, with three papers on this topic with one each for highway engineering and road safety. We acknowledge the authors of the papers and express our gratitude to the reviewers of the papers for this tenth issue.
